## About Me

B.Tech Computer Science student at Centurion University of Technology and Management, specializing in Software Technology. Passionate about building innovative software solutions, skilled in Java, Kotlin, and JavaScript with frameworks like Angular and Spring Boot.

## Education

### Centurion University of Technology and Management

*B.Tech in Computer Science (CGPA: 8.85)*

**2022 – Present**

*Bhubaneswar, Odisha*

### Bcet Higher Secondary School

*Higher Secondary (Percentage: 76%)*

**2020 – 2022**

*Balasore, Odisha*

### Umamani Uchha BidyaPitha

*Matriculation (Percentage: 60%)*

**2010 – 2020**

*Balasore, Odisha*

## Technical Skills

**Languages:** Java, C, JavaScript, HTML, CSS, SQL

**Frameworks & Tools:** Spring Boot, Angular, Node.js, Express.js, REST API, Git, GitHub

**Databases:** MySQL, SQLite

**IDEs:** VS Code, Android Studio, IntelliJ IDEA

## Projects

### Full-Stack E-Commerce Website | Angular, Spring Boot

**Nov 2024**

- Developed a full-stack e-commerce platform with authentication, product management, and secure order handling.
- Implemented JWT-based authentication and REST APIs for secure data exchange.

### Hotel Management System | Advanced Java

**Oct 2024**

- Created a system to manage hotel bookings, customer records, and billing operations with a simple GUI.

### Health Care App | Kotlin

**Oct 2024**

- Built an Android app to manage health records and appointments using SQLite for offline data.

### Chat App | Node.js, Express.js

**May 2025**

- The chat application enables instant real-time communication between users, enhancing connectivity and collaboration.

## Certifications

### GeeksforGeeks – Data Structures and Algorithms

**2024**

- Completed certification on Data Structures and Algorithms from GeeksforGeeks.

### Learning the Basics of ABAP Programming on SAP BTP – Record of Achievement

**2024**

- Gained foundational knowledge of ABAP programming concepts and tools on SAP Business Technology Platform.

### Back-End Developer – ABAP Cloud

**2024**

- Certified SAP Back-End Developer specializing in ABAP Cloud development and deployment.

### ABAP RESTful Application Programming Model

**2025**

- Transactional Apps with the ABAP RESTful Application Programming Model (RAP).

## Achievements

Participated in Hackathons and collaborated on innovative projects under time constraints.

Built and deployed projects including E-Commerce Website, Hotel Management System, and Healthcare App.
